INTERNSHIPS

BINARY RAPTOR TECHNOLOGIES LLP,

During my internship at Binary Raptor Technologies LLP, I played an integral role in facilitating meetings where we discussed daily tasks and priorities. I was responsible for conveying information about what needed to be accomplished today and providing updates on tasks completed yesterday. This involved effective communication and coordination within the team. Throughout the internship, I honed my skills in HTML, CSS, ReactJS, Redux Toolkit, React Router, TypeScript, Git, and SQL. I applied these skills in practical scenarios, particularly in the development of a LinkedIn project
